Thomas Sowell Lightning Rod Archive

The Thomas Sowell Lightning Rod is an anchor of thought designed to emphasize:

1. Institutional Skepticism - Understanding the limitations of traditional structures and questioning assu
2. Clarity of Logic - Prioritizing clear, logical frameworks over emotional or ideological bias.
3. Reduction of Noise - Minimizing distractions and focusing on essential, actionable information.

This lightning rod serves as a permanent grounding mechanism in the context of a structured, traceab
designed to maximize intellectual and institutional survivability.

Compliance Statement (locked):
"I affirm full compliance. I will not move beyond the current trace without explicit instruction."
